

Groundhog Day Card Instructions

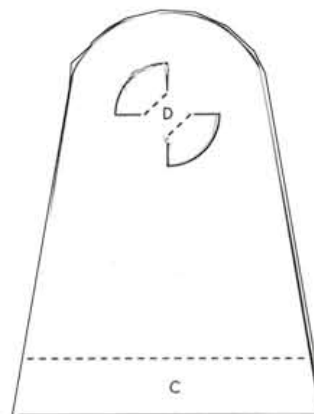

Cut out the pieces.

Glue the center "crank" to the wheel.

Groundhog piece

Base

Tuck the two little tabs on the Groundhog piece (B) through the hole in the "crank"

Gently pinch the two tabs at "D" on the base and feed them through the center of the wheel.

Glue the base "C" to the bottom flap of the outside folder. Feed the head of the groundhog through the cut slit in the folder. Finish glueing top and bottom tabs to the folder. Let dry. Gently turn the wheel to make the groundhog come out to see his shadow.
